John Harrell - ADOA	3. New ASLAPR Processes – Richard Pierce-Moses
Richard Pierce-Moses	4. Enterprise Imaging Initiative – Lori Massegee
Christy Black - GITA	5. Roundtable

NOTES:

DELIVERABLES:

FUTURE MEETING AGENDA ITEMS:

1. The "Good", the "Bad" and the "Ugly" of Imaging Projects – At each meeting we would like to invite you to come forward to share your experience in analyzing, implementing and supporting imaging projects. This is your opportunity to get the word out and help other organizations!

2. Brainstorming – Imaging Project Checklists – We would like your input in creating a general checklist of actions that are common to most imaging projects. We will be dedicating time at each meeting to develop tools that would be helpful to groups interested in imaging! Those tools will be available on line to anybody interested in the subject! Other Brainstorming sessions will include "Decision Tree for Project Approvals", "Analysis Toolkits" and "Imaging - Going to the Next Level"
